

Not sure if this went through any other way, but I'm hoping this works now.

I like to listen to K-Love as a Phoenix resident. The station provides guidance to teens that wouldn't listen to 'ordinary' Christian music; this music is more palatable to them. I

believe that Christian music is a calming and good influence that will help keep teens and young adults out of trouble. And it is typically the teens and young adults that get into the most

trouble - legal and otherwise. Please DO NOT replace K-Love's signal with an LPFM.
